DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

The Masonic Temple, a two-story brick building in the Renaissance Revival style, sits on a raised foundation. A centered inset bay with terra cotta Corinthian columns dominates the facade. The entrance is framed by brick pilasters which support a terra cotta entablature. All second story windows have fan lights and brick round arches with ornate terra cotta keystones. Brick pilasters with Corinthian caps demarcate the six side bays. The building terminates with an iron cornice and a brick parapet. The cornice is supported by modillions and the frieze is garlanded.

The building remains unaltered on the exterior.

fenestration is changed

SPECIFIC DATES	1909-1911	BUILDER/ARCHITECT	George Williams
----------------	-----------	-------------------	-----------------

STATEMENT OF SIGNIFICANCE

The Masonic Temple with its terra cotta and iron ornamentation is architecturally significant as a good example of a Renaissance Revival building in Coeur d'Alene.

George Williams, Coeur d'Alene's foremost architect of the period, designed this lodge hall, which stands with the City Hall and Roosevelt School as one of his finer buildings in the city. Williams was very active in the Scottish Rites Order of the Masons.
