A black and white photograph of a single-story building with a rough-hewn stone facade. The building features a central entrance with a dark door and a light-colored base. To the left of the entrance is a window with horizontal blinds, and to the right is a window with sheer curtains. A concrete sidewalk runs along the front of the building, and the ground in the foreground is covered with snow and patches of ice. A utility pole is visible on the right side of the frame. The sky is overcast.
