PHOTO ____ of ____

A photograph of a building facade. The building has a light-colored, possibly white or cream, facade with decorative architectural elements. There are several windows. The top row consists of five windows with white frames and light-colored blinds. Below this is a decorative horizontal band with a row of small, rounded, ball-like ornaments. The main feature is a large, multi-paned window with a white frame. The leftmost pane of this window has a blue banner with the word "college" written in white, lowercase letters. The other panes of the window show the interior of a room with light-colored walls, a desk, and a person sitting at the desk. To the right of the main window is a vertical decorative element with a dark green or black background and gold-colored accents, including a vertical line and ornate carvings at the top and bottom.
