

A black and white photograph of a single-story brick building, identified as a First Citizens Bank. The building features a prominent arched entrance on the left, a large arched window with multiple panes in the center, and a smaller arched window on the right. A decorative cross-shaped ornament is mounted on the brick wall above the central window. A large, dark rectangular sign on a white post stands in front of the arched entrance, displaying the text "First Citizens Bank" in white. A smaller sign is visible near the base of the building. The building is situated on a street corner, with a sidewalk and a road in the foreground. Power lines are visible overhead. The overall scene is captured in a classic, slightly grainy black and white style.
