

Haverford 2nd Mo 24th ¹⁵/₅₃

My Dear Dick,

I received your kind and very acceptable letter last night, and I was very glad to hear from you. How did Mary come to think it was me, I was almost ashamed to send it because it was such a poor one, but as I could not get any other from here unless I sent to town for it and then it would have been too late to send it. Did you get any others besides what I sent you, I thought I would send you some comic ones but I did not. Dick if you do not get that catalogue which I sent you, I wish you would let me know, and I will send you another. Dick when you send me the list of the ~~girls~~ names, mark all the pretty ones and Dick please do me a favour, and that is tell me which is yours. Is there any nice boys

their that you like as well as me. Oh,
Dick we used to have some fine times
together, and I only wish those times were
over. Dick we had a very heavy snow storm
indeed and made the railroad so that
no cars could go along it for two or three
days, but now they have got it pretty much
all cleared. Dick do you have to wear plain
clothes at your school. your school closes
about the same time that ours does. What
do you expect to go out west for, and who
are you going with. Are you any stouter
than you were when at Billy Garrigues.
They say it is excellent sleighing in the
city, how I would like to have a pair
of horses and a sleigh if I would not
but them thought. You know we have
Carpenter shops managers and we had
a court held for the purpose of charging
them with the rules that they have violated.
I am a witness against them and we have

had some fine fun. Do you board a your
cousins. My brother did not catch cold by
getting his ducking. Does your master whip
the boys when they miss their lessons or cut
up. When you write to Jim mickle please
tell him to write to me and give him
my directions. You will be surprised when
I tell you that Horace Bennett goes to school
at Nazareth hall, and I wrote him a letter
last Sunday but have not received one from
him yet. I received a letter from Charley
Noble and he told me, he says he has not
received a letter from you since you left
school, have you received any from Leeds Miller
lately. I have been thinking about writing
to Davie Giff for a long while but it
seems as if I can not do it yet a while, dont
you remember how he used to write letters
with lead Pencil. Dick when you write
please tell me what you are studying
besides Arithmetic & Bookkeeping.

I received a letter from home this morning
and they say that there is first rate sleighing
in the city, but in some of the smaller streets
they are so blocked up that they have to
cart it away in the night because they
will be in the way in the day time.
Please write soon. With dear love to
you all.

Remain as ever your
affectionate friend
