Estimable Friend

Yours of the 13th is at hand.

By which we observed that you had \$1000000.
Now what a of which we are pleased to hear
& wish (if the wheat is good & dry) to have all that
you can purchase at that price. - not having
seen any of the new wheat sent. Judge so well that
from what we can learn respecting the quality
we suppose some of it to be shrunken & some of
it got in in a rainy time, & perhaps very damp
You can Judge best about it - if it is dry enough
to grind & pretty fair quality, buy all that you can

We are willing to receive what you have
sent as soon as you can send it. we suppose
there are plenty boats now to be had belonging
to the Erie Line -

Very very respectfully
Thy Friend
