Troy. 3 Oct. 29th 1824

We wish not to receive the Wheat that
thou has bot. for us, till some time in the summer. Having
engaged to take as much into the Mill from another
quarter, as will be prudent to put in, till that time
please let it remain till thou hear from us Respecting
it — the Doctormen now offer to bring our Wheat
for $14\frac{3}{4}$ ¢ per bus. of Flour for 60¢ off Barrel

Please inform us about the Quantity
Wheat that thou has bot. for us, since the last
boat load was ship^d — What is the present price
Wheat — if not over One Dollar per bus. please —
Continue buying for us — at present the prospect
is by no means flattering for price the ensuing
Season —

Yours respectfully

Thy Friend
