REAR ELEVATION

CAMDEN S C

A black and white photograph of a train station. In the foreground, a set of railroad tracks runs parallel to a concrete platform. The platform is covered by a long, low, dark roof supported by several vertical posts. A white sign with the text "CAMDEN S C" is mounted on the front edge of the roof. The tracks extend into the distance, where they appear to cross a bridge or overpass. The background is filled with trees and a clear sky. The overall scene is quiet and somewhat desolate.
