**1. Location & Scope**  
The project is located at the intersection of the main road and the side road. The scope of the project includes the construction of a new building with a total area of 10,000 square feet. The building will be used for office space and will include a parking lot for 20 cars. The project is scheduled to start in the spring of 2024 and is expected to be completed by the end of the year.

**2. Objectives & Goals**  
The main objective of the project is to provide a modern and functional office space for the company. The goals of the project are to increase the company's productivity and to improve the working conditions of the employees. The project will also aim to reduce the company's carbon footprint by using sustainable building materials and energy-efficient systems.

**3. Key Deliverables**  
The key deliverables of the project are the construction of the building, the installation of the office furniture, and the completion of the parking lot. The project will also include a detailed budget and a timeline for the construction and completion of the project.
