ACT! ACT!

A black and white photograph of a two-story brick building. The upper story features three arched windows with white frames. The ground floor is dark, with a prominent sign in white letters that reads "ACT! ACT!". Below the sign are several rectangular openings, some of which appear to be doorways or small windows. To the right, there is a larger window with a white frame. The building is set on a street, with the tops of a white car and a dark car visible in the foreground.
