Photo 17

A black and white photograph of a beach area. In the foreground, a paved road with double white lines runs horizontally. To the left of the road, a sign on two posts reads "SPRING HOUSE FOR MOMENTS OF NATURE INFORMATION". Behind the sign are several palm trees. In the middle ground, a small, single-story building with a dark roof stands on a grassy area. To the right of this building, the ocean waves are breaking onto the beach. In the background, a large, multi-story building with a prominent tower section is visible, partially obscured by trees. The sky is bright with a large, fluffy white cloud.
