The home is thought to have been built in 1845 by Robert B. Alexander, who purchased in June of that year from Grisby E. Thomas 4 one-half acre lots, extending along Washington Street (16th Street) from Jackson Street (2nd Avenue) to Oglethorpe Street (1st Avenue) with frontage on Jackson and Oglethorpe Streets of such length as to make out the two acres. This land was part of the original Courthouse Square on which the first simple frame courthouse of Muscogee County was erected.

In June, 1872, Col. McGehee bought the home with considerable adjoining property from Laurence Rooney. The property had a frontage of 187° on 2nd Avenue and 219° on 16th Street.

Col. McGehee, a successful cotton exporter and pioneer business-man, was born in Jones County in 1827, and came to Columbus from Harris County as a young man. His three children to reach maturity were Allen C. McGehee, Jr., Mrs. Mary McGehee Woodall, and Mrs. Virginia Ethel McGehee Woodall.

Virginia Ethel McGehee was born in this home on Sept. 10, 1879, and was married there on Oct. 26, 1899 to William Clyde Woodall, esteemed publisher of the <u>Industrial Index</u> and other publications. Mrs. Woodall lived in the home with her family until she passed away on July 18, 1949.

The home was renovated and prepared for a Senior Citizens Center by W. C. Woodall, Jr., owner, who made it available for the purpose of promoting well-being of the aged. The furnishings and equipment were donated by civic groups, organizations and individuals.

The Center is the result of planning by the Board of Directors of Senior Citizens Service of Muscogee County, Inc. (a (continued)

Private, non-profit corporation) and brought into reality by them with Federal-State-Local partnership.

In September, 1967, Community Services Association of Muscogee County applied for and received a Title III grant under the Older Americas Act through the Georgia State Commission on Aging. The Title III funds have been matched by local city and county funds, and individual contributions.

Former Governor Lester Maddox dedicated and opened the building as the Senior Citizens Center on February 13, 1969.

This house is situated in an area which has commercial zoning and without the protection afforded by the National Register will most probably be lost.

According to a recently passed Columbus zoning ordinance, any house accepted by the National Register will be given a "Land-mark Status" locally. This means that all alterations, improvements, partial demolitions, et cetra, will be subject to review by the local Board of Historic and Architectural Review.

Local and national landmark status protection is extremely important for this distinctive Greek Revival period house with its handsomely proportioned, well-scaled doric style portico. The small scale monumentality of this facade gives distinction to the street. Its architectural integrity must be protected.
