east wing

No. ~~22~~ 22.

A black and white photograph of a dark, possibly wooden or metal, door. The door has a rectangular panel in the center with the number "210" printed on it. There is a small, light-colored rectangular mark or sticker on the door, partially overlapping the number. The door is set in a frame, and the surrounding walls are light-colored. The lighting is somewhat dim, creating shadows on the door and the wall to the right.

210
