Roque House - Riverfront, Historic District. This historic house was built in the 1790's and was used as a residence in Bermuda, eight miles down Cane River, until moved to its present location and restored. It currently houses the office of the Louisiana Outdoor Drama Association, which produces the play "Louisiana Cavalier", and exciting tale of St. Denis and the founding of Natchitoches. The house also contains a display of local artifacts and handicrafts. OPEN 8--5 weekdays, and Saturdays during tourist season.

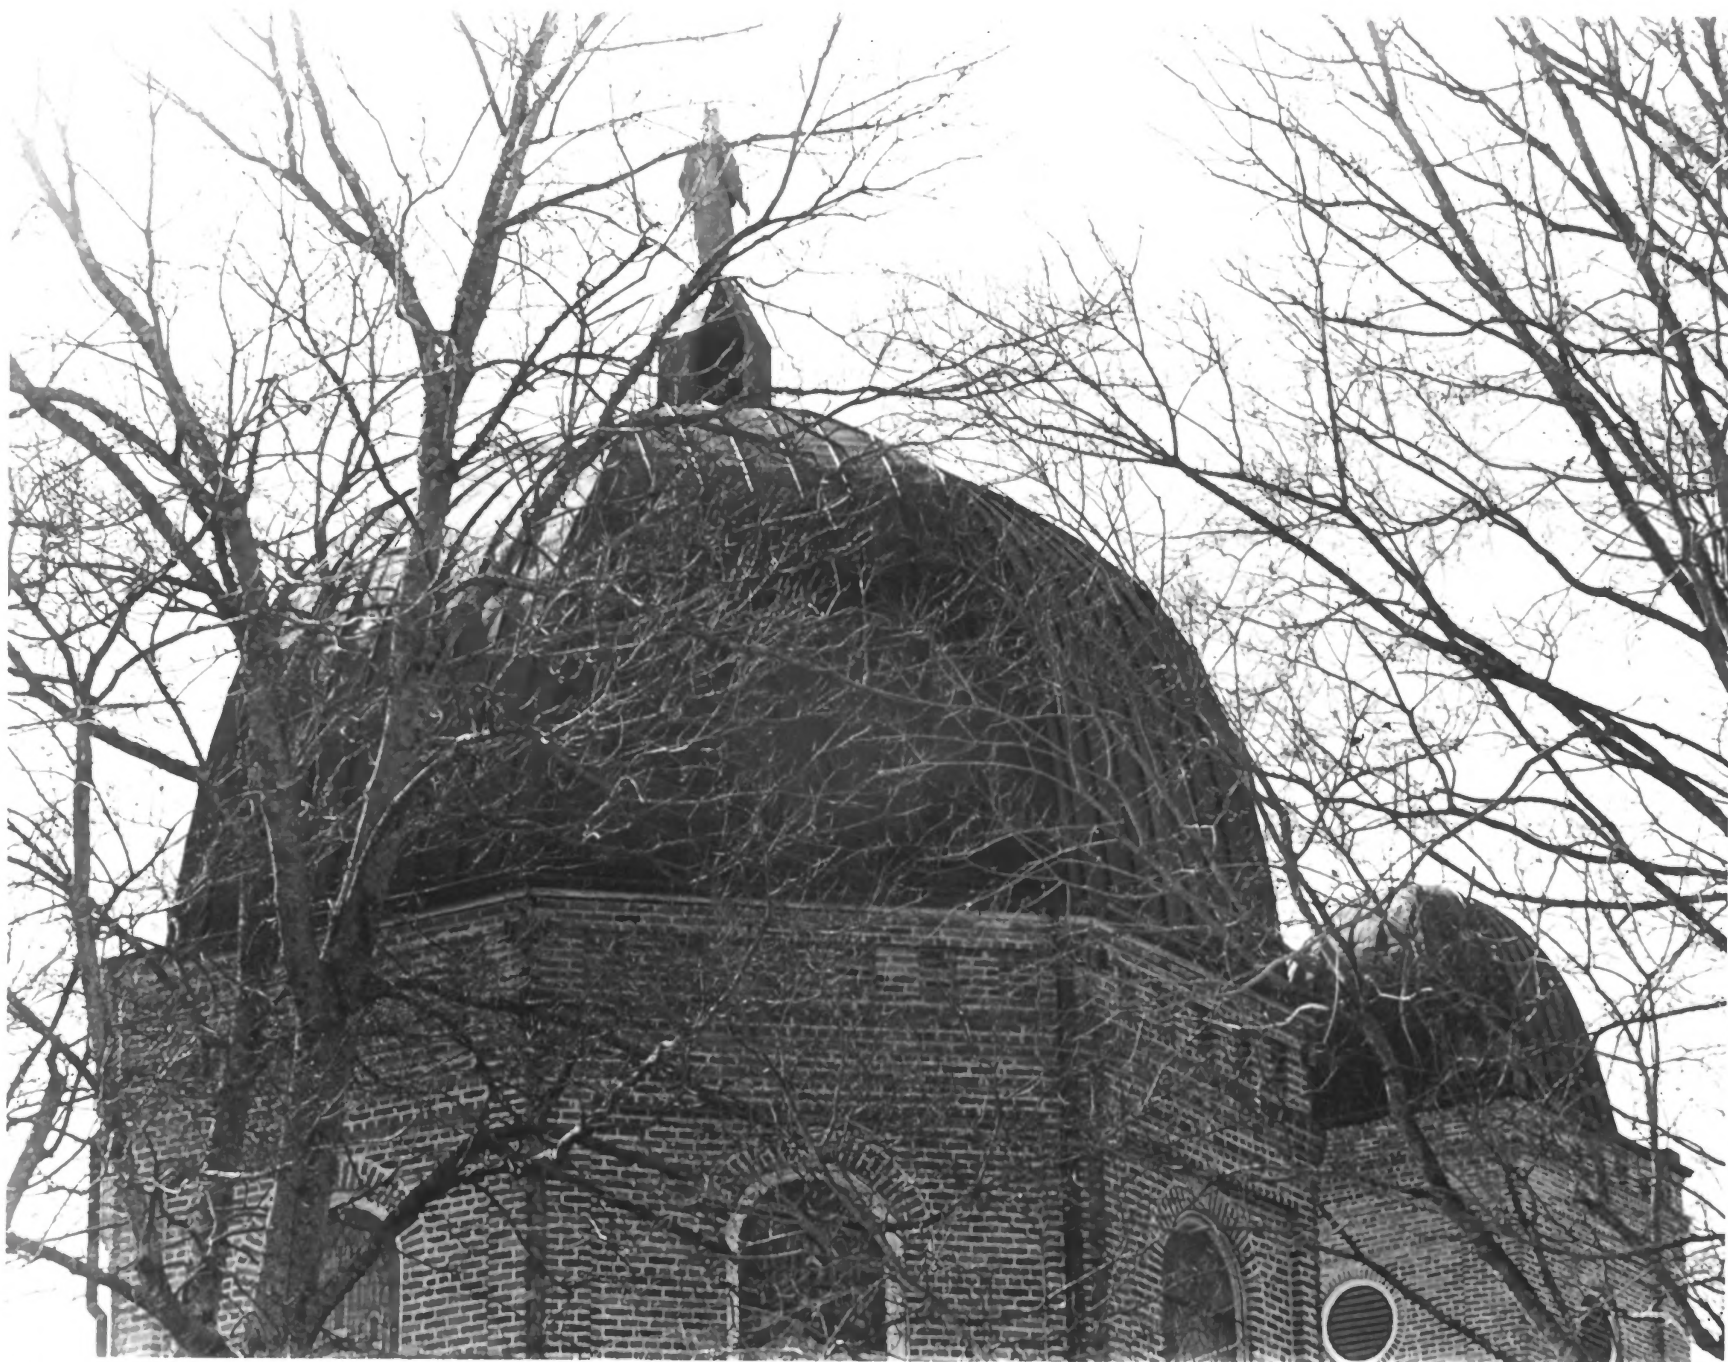

Natchitoches Historic District, La.

Lemee House - 310 Jefferson Street. Built in the 1830's, this home has one of the first cellars ever built in Natchitoches. The rear roof of the house is built in a "cradle" design, which can be found in the Mediterranean area. In 1849, the house was purchased to be used as a bank. The house is owned by the City of Natchitoches and maintained by the Association for the Preservation of Historic Natchitoches. OPEN by appointment, headquarters for Fall Tour of Homes. Gardens open to public.

Natchitoches Historic District, La.

Tante Huppe House - 424 Jefferson Street. This historic "townhouse" was built between 1827 and 1835, and still has many of the original panes of glass, draperies, and carpets. The house is furnished completely with period antiques. The old slave quarters at the rear of the house has an unusual wooden winding stairway leading to it. PRIVATE.

Natchitoches Historic District, La.

Immaculate Conception Catholic Church - Corner of Church and Second Streets. Begun in 1856 and not completed until the 1890's, this is a rare example of Old World architecture. The building contains the graves of former bishops near the altar, crystal and garnet chandeliers imported from France, and a spiral staircase that has no center support. See plaque facing Church Street.
OPEN DAILY.

Natchitoches Historic District, La.

Detail, "new" Courthouse, Church Street between Second and Third Streets.

Natchitoches Historic District, La.

Tauzin - Wells House - 607 Williams Avenue. This house, made of hand-hewn timbers and boussilage (mud), was built c. 1776. The house is completely restored, and has all period furnishings. This unique structure is said to be one of the oldest still standing in the Mississippi Valley area, and originally was used as a way station for goods being shipped to the West. PRIVATE.
