Balclutha as Pacific Queen, in drydock
during restoration, 1954-55
San Francisco Bay area, California
National Maritime Museum, San Francisco,
photograph B4.35,640n

1870
The first of the year
was a very dry one
and the crops were
very poor.

The second of the year
was a very wet one
and the crops were
very good.

The third of the year
was a very dry one
and the crops were
very poor.

photo #10 of 14

I saw those sailing seven cotton-clad,
Housed in wet kennels, warm-fed checked covers,
These pounds of iron, and great delight they had
Save the bright water and the winds of heaven.
Yet from their purple strength an order rose:
The full-rogged ship must steer delightful line. . . .
