St. Elizabeth's parish was founded for and by German speaking Catholic families in the Denver area in 1878. St. Elizabeth's became the second Catholic parish in Denver. The original church on the site was torn down in 1890. In the meantime, St. Elizabeth's school was erected (1890) as well as a monastery (1891). The cornerstone of the present church was laid November 15,1898.

The church represents a continuum of development from the German-speaking pioneers of Denver up to the present time. In addition to its cultural significance, St. Elizabeth's architectural style (Gothic) and its furnishings are noteworthy examples of the Old World influence upon the community. Urban Renewal plans are being made for the district in which St. Elizabeth lies. The Denver Landmarks Commission, a city preservation committee, is concerned about the future of St. Elizabeth's Church.
