See Birdsville National Register form dated February 16, 1971.

(In the rush of our original submission we gave the acreage as one acre because we did not have the necessary material from the owner to determine the desired property boundaries. However outbuildings and landscaping features which make up the whole of the Birdsville district were covered in the nomination form, photographs and a sketch of the complex. As stated in the original nomination form, it is the owner's intent to save the total environment of Birdsville crossroads which is made up of the main house, the numerous outbuildings, tree lined road, pecan grove and cemetery; all of which are now properly covered by the 50 acres of nominated property.)
