#### Project Goal

Connect various cultural, historic, and natural resources with the City of San Juan via a seafront trail, including the two-mile Paseo del Morro National Recreational Trail.

#### NPS Role

Work with Friends of the Forts of Old San Juan and local governments to organize community members of La Perla and surrounding neighborhoods, gathering their ideas about the future development of the El Paseo del Morro Trail. Inventory and identify sites for construction of the new trail.

#### ABOUT US

The Rivers, Trails, and Conservation Assistance program is the community assistance arm of the National Park Service. Program staff provide technical assistance to community groups and local, state, and federal government agencies working to protect natural areas and water resources and enhance close-to-home outdoor recreation opportunities. We help communities plan, organize partnerships, and achieve on-the-ground success on projects they initiate.
