My Dear Sir

Received your favor of the 4th. Also Draft for amt bill Aug. 13. for which I am much obliged, in regard to charge for lbs - I made the charge in your bill, what is customary here, for lbs. I also made the charge to the Woolen factory, which I find in referring to date I did deduct but had forgotten, and in order to make yours correct, will make the same with pleasure, allowing only the cartage, and will credit you amt.

Yours Truly
Francis J. Pease
