Dear Sir,

I had your favor of the 15th relating to the affairs of the Cotton Mill -

I am going to Boston on the 19th to stay a few days, and will write from there any conclusion we may arrive at -

The clearing sale of the shawls was a good one - That you are now sending are all delivered as soon as received at \$5

The three cars received this morning were very welcome -

Yours truly

Almy J. W. Patterson

My opinion is that the Cotton mill may be run to advantage though I wish it was on Drilling's rather than sheeting -
