National Register of Historic Places Registration Form

NATIONAL REGISTER

This form is for use in nominating or requesting determinations of eligibility for individual properties or districts. See instructions in *Guidelines* for Completing National Register Forms (National Register Bulletin 16). Complete each item by marking "x" in the appropriate box or by entering the requested information. If an item does not apply to the property being documented, enter "N/A" for "not applicable." For functions, styles, materials, and areas of significance, enter only the categories and subcategories listed in the instructions. For additional space use continuation sheets (Form 10-900a). Type all entries.

Describe present and historic physical appearance.

This T-shaped, two-story, polychrome brick veneered, Queen Anne style apartment building with flat roof and side stepped roof has a westside polygonal bay, a two-story front porch, and a stone foundation. The building is located in Missoula's central business district on the north side of Spruce Street. The building is surrounded by parking lots and is the only historic-period building in this half block.

The crown cornice is rusticated sandstone over a corbelled polychrome belt course. The windows in the bay are narrow, wood frame, double-hung, one-over-one with vertical stretcher flat arches and rusticated sandstone sills. The windows in the east-side front bay are wood frame, double-hung, thirty-over-one units. The first floor entryway doors are paneled wood frame doors with transom lights above. The two story porch has a gently sloping hip roof with plain fascia, turned porch support posts with scrolled brackets and spindled wood balustrade, which are identical on first and second floors. First floor of the porch has carpet-covered wood floor with a lattice work apron.

The rear section of the building is brick with various sized wood frame, double-hung windows with flat arches. The rear first and second-story entryways are white multi-panel wood doors with transom lights. The rear of the building also has a two-story porch with spindled porch support posts, lxl wood ballisters, and a lattice work apron. The second story is accessed by a wood stairway with a 2x4 railing. A dirt and concrete parking lot is located at the rear of the building. A small lawn is located between the building and the street.

This building displays excellent integrity of design, materials, and workmanship and even retains its original two-story front and rear porches. It has lost some integrity of setting because of the general loss of the historic fabric of the area.

8. Statement of Significance		
Certifying official has considered the significance of this prope	erty in relation to other properties: statewide X locally	
Applicable National Register Criteria XA BXC	D	
Criteria Considerations (Exceptions)	D E F G	
Areas of Significance (enter categories from instructions) Architecture Commerce	Period of Significance 1902-1940	Significant Dates ca. 1902
	Cultural Affiliation n/a	
Significant Person n/a	Architect/Builder Not known	

State significance of property, and justify criteria, criteria considerations, and areas and periods of significance noted above.

This apartment building is eligible for listing in the National Register of Historic Places under criteria A and C. It is an excellent example of an early twentieth century Queen Anne style apartment building that displays excellent integrity, retaining its detail and sense of historical association. It is characteristic of the kind of brick, multi-family construction occurring in Missoula during the early twentieth century building boom and is one of the few remaining examples of this kind of building within the central business district.

This building was constructed between 1902 and 1911, when the property was owned by either Laura Rochleau (1902), Eugene and Laura Morin (1907), Mike Linn (1908), or Hugh Campbell (1908). It probably was built by Eugene Morin, who was a contractor. Subsequent owners included Mike Linn, Tillie Linn (1928), and Ester Allen (1941). Occupants included Michael Linn, proprietor of the Waldorf Bar (1911-1925), Amos Anderson, manager of Holland Furnace (1929), Frank Drury, conductor (1932), Paul Wilcox (1938), and Maybelle's Beauty Shop (1940). The building has been an apartment building until recently. It was constructed in the central business district during Missoula's second major post-railroad building boom and was one of several apartment buildings and row houses built during that period to accommodate the city's growing population, especially professional and white collar workers.
